

**The Fastest Powder System Anywhere!**

**HOLDS 1 POUND OF POWDER!**

*More than twice as fast as the original DPS, the DPS 3 is the fastest system available.*

Imagine precisely weighing every charge you load nearly as fast as using a measure. With Lyman's new DPS 3, it can be a reality. This is the fastest powder system ever. In addition, the new Auto-Repeat Setting throws a precise charge automatically each time the pan is put in place. The DPS 3 is weighing your next charge while you're seating the bullet on your last charge.

1200 DPS 3 Digital Powder System 115V (#7752400) . . . \$ 399.95  
1200 DPS 3 Digital Powder System 230V (#7752411) . . . \$ 410.00

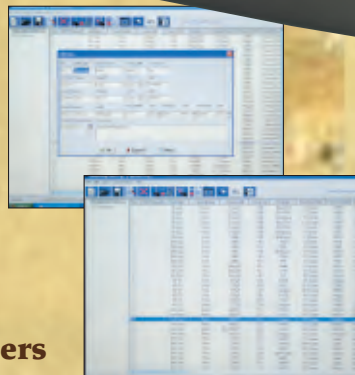

**Auto-Repeat Setting Adds More Speed.**

Automatically throws the next charge each time the pan is put in place.

**Change Powders Faster and Easier.**

Quick-Drain Powder Reservoir speeds powder changes & clean-up.

**1200 DPS Digital Reloaders Log & PC Interface**

The 1200 DPS II PC Interface accessory allows you to transfer memory directly from your computer to your DPS System. This revolutionary 1200 DPS PC Interface also has a separate Electronic Reloaders Log for storing all of your valuable reloading information. Stores virtually thousands of loads in standard reloaders log format with section for comments. DPS Interface has separate memory for storing and loading up to 100 loads for the 1200 DPS II. Works with Windows 98SE/ME/2000/XP.

DPS PC Interface (#7752455) . . . . . \$39.95

**Upgrade Any DPS I or DPS II To Equal the New DPS 3 High Speed Performance.**

This inexpensive replacement system installs in seconds and requires no tools. In fact, it's easier than changing powders. Best of all, it speeds any earlier DPS to the latest, state of the art performance.

1200 DPS Speed Upgrade Kit (#7752428) . . . . . \$39.95

# Precision Elite Electronic Scales

## 1500 XP Electronic Reloading Scale

This revolutionary new 1500 grain scale from Lyman offers the most features of any electronic scale. It's the first scale that comes with a removable powder trickler that works in right or left hand mode. Unlike other scales the 1500 is accurate to 1/10 grain over its full weighing capacity. Features a fold back dust cover and handy "pop out" storage tray which stores accessories. Includes calibration weight, AC adapter and cleaning brush. Also works with 9V battery.

- 1500XP 115V (#7751500) .....\$224.95
- 1500XP 230V (#7751550) .....\$244.95

*Handy pop-out storage tray.*

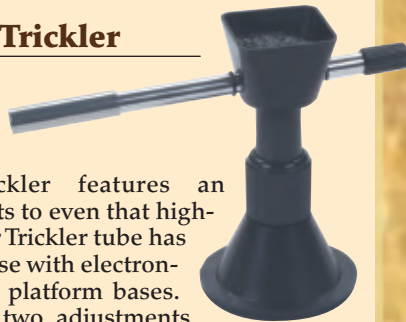

## 1000 XP Compact Electronic Reloading Scale

Ideal for the range or table top. Scale is accurate to 1/10 grain for the full range of its 1000 grain capacity. Sleek new user friendly design has clear Snap Lock platform cover which rotates to full lay down position or may be removed. Scale works on 9V battery or with AC adapter. Calibration weight, powder pan and AC adapter included.

- 1000XP 115V (#7750750) .....\$149.95
- 1000XP 230V (#7750757) .....\$155.00

## E-ZEE Flo™ Universal Powder Trickler

Now the first powder Trickler that works with any reloading scale. Lyman's E-ZEE-FLO accessory powder Trickler features an adjustable base that adapts to even that highest scale platform. Powder Trickler tube has an extension that allows use with electronic scales that have larger platform bases. The combination of the two adjustments allows use with any scale, mechanical or electronic.

- Powder Trickler (#7752477) .....\$20.50

**Full range of height adjustment handles virtually any reloading scale.**

*1500 XP*

*1000 XP*

## Powder Pal™ Universal Funnel Pan

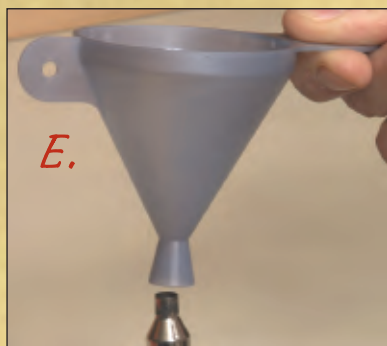

A new innovative product for the reloader. The New One Piece Combination Powder Pal Funnel Pan. This unique Funnel Pan saves time by saving one step during reloading. It is no longer necessary to put the funnel on the cartridge case and pour the powder in. Just pour it directly from the Funnel Pan into the case. Every reloader with an electronic scale will want to replace the powder pan with a New Time Saving Powder Pal Funnel Pan. New innovations from Lyman. For use with electronic scales only. (US Patent # D568436)

- Funnel Pan (#7752433) .....\$6.95

*Shooter's Set*

**A. Pro 1000**

This model has the same features and accuracy as the Pro 500 but measures up to 1000 grains. Includes scale counterweight for measurements over 500 grains.

Pro 1000 (#7752218) .....\$84.95

**B. Pro 500**

Pro 500 Scales have the same accuracy and components as the older Lyman 500 on a modern, high-impact styrene base. Features include an extra large leveling wheel, dual agate bearings and large dampener. Zeros in seconds. Accurate to 1/10 grain. 500 grain capacity.

Pro 500 (#7752222) .....\$69.95

**C. Scale Weight Check Sets**

Assures that scales provide accurate readings. Deluxe 10-piece set has 210.5 grains total weight. "New" shooters set totals 60.5 grains for normal powder use range.

Deluxe Set (#7752313) .....\$42.95

Shooters Set (#7752314) .....\$31.95

**D. Powder Dribbler**

Use the full measure of accuracy built into a powder scale. Features a large powder reservoir and tip-free base.

Dribbler (4 oz.) (#7832201) .....\$14.00

**E. E-Zee™ Powder Funnel**

Redesigned with all of the latest cartridges in mind, the specially designed powder nozzle of this new funnel handles everything from the smallest .22 up to the big .50 calibers. Including the new Super Short Magnums.

Funnel (1 1/2 oz.) (#7752431) .....\$5.00

## No. 55 Adjustable Powder Measure

This powder measure dispenses charge after charge of powder with consistent accuracy to a fraction of a grain. The key to unfailing precision is the 55's unique three slide adjustable cavity. Extra fine adjustments of width and depth provide consistent charges with almost any powder. A 2400 grain reservoir resists chemical action and protects your powder from harmful light rays. An attached knocker assures a complete charge every time. Mount the 55 on your bench or any turret press. No funnel is required. Includes a 7/8" x 14 thread adapter for press or stand mounting.

No. 55 Measure (2 lbs., 10 oz.) (#7767783) .....\$99.95  
 Optional 7000 grain reservoir (3 1/2 oz.) (#7998299) .....\$9.95

## 55 Classic Black Powder Measure

Lyman has redesigned the No. 55 Adjustable Powder Measure for both smokeless and black powder. A must for black powder cartridge silhouette and cowboy action shooters. The internal metering bars rotate in a non-sparking brass sleeve. A large non-static aluminum powder reservoir holds a pound of black powder. The unique three-slide adjustment bars are the key to consistent accuracy from small pistol charges to the largest rifle charges with accuracy to a fraction of a grain. Handles up to 200 grains volume of Black Powder or Pyrodex Powder. Mounts on the bench or directly on a press or powder measure stand and includes a 7/8 x 14 adapter.

55 Classic with 24" drop tube (#7767775) .....\$164.95

## 24" Powder Drop Tube

To fill the cartridge case with the maximum amount of black powder, the powder must be poured slowly through a drop tube which allows the powder to uniformly settle in the case for best accuracy. It mounts directly in the 55 Classic Black Powder Measure.

24" Drop Tube (#7767764) .....\$35.95

## Powder Measure Stand

Features the standard 7/8" x 14 thread and will raise any measure high enough to easily position cases beneath the powder drop tube. Bolts firmly to the loading bench.

Measure Stand (3 lbs., 6 oz.) (#7767784) .....\$31.50

## Powder Baffle

Consistent powder drops from the powder measure requires a uniform powder pressure on the rotor. The powder baffle maintains this consistent powder pressure even when the powder hopper is low. Included with all Lyman 55 Powder Measures.

Baffle (#7767758) .....\$8.95
