## Lyman's 49th Edition Reloading Handbook Delivers the Latest Data

**For Release: Immediately**  
**April 2008**

### Lyman's 49th Edition Reloading Handbook Delivers the Latest Data.

**NEW!**

Lyman – a pioneer in the field of reloading manuals – has introduced the latest edition of their popular reloading handbook. Each new Lyman Handbook serves up the load data for the newest cartridges for which accurate load data is the scarcest. The new 49th Edition is no exception. Reloaders will find comprehensive data on these new rifle rounds: .17 Rem. Fireball, .204 Ruger, 6.8mm Rem. SPC, 325WSM, .338 Federal, .375 Ruger, .405 Win. plus the Winchester line of Super Shorts. Handgunners are well served also with such new offerings as the 5.7x28mm FN, 45 GAP, as well as the .460 and .500 S&W Mags.

Most significantly, the new 49th Edition continues the tradition of delivering broad range of loads covering virtually every brand of commonly available components. Loads incorporate bullets from Barnes, Hornady, Remington, Sierra, Speer, Swift and Winchester. In addition, many cast bullet loads are also included. The latest and most popular powders have been used in load development such as: Accurate, Alliant, Hodgdon, IMR, Ramshot, VihtaVuori and Winchester.

Popular Features of past handbooks have been retained including the "Accuracy Load" for each cartridge and listings of the ballistic coefficients and sectional densities for all jacketed and cast bullets used in the data. Readers will also find "How-To" step-by-step instructions for safe, accuracy-enhancing loading techniques and new feature editorial by top reloading authorities: Brian Pearce of Handloader and Rifle Magazines, Greg Rodriguez of Shooting Times and Bryce Towsley of American Rifleman. The articles cover a range of topics from loads for the old-time repro '76 Winchesters to an in depth look at the new Winchester Super Shorts. Lyman has also included a memorial reprint of an article by the late Butch Fisher on "Barrel Care and Cleaning" – valuable information by a top benchrest shooter and the inventor of Butch's Bore Shine.

Lyman's 49th Edition Reloading Handbook, as well as all Lyman products and brands, are available nationally through firearms and sporting goods dealers and mail order companies. Pachmayr, TacStar, Trius Traps, A-Zoom Precision Snap Caps, Butch's Gun Care, Uni-Dot and Targdots are also Lyman brands.
