## Lyman Introduces New Carbide Case Trimmer

**For Release: Immediately**  
**January 2010**

### Lyman's New Premium Universal™ Case Trimmer Features a Carbide Cutting Head

Lyman – a leader in reloading case preparation – has added the new “Universal Carbide Case Trimmer” to their respected line of case preparation tools. This new case trimmer adds the longer life and ultra-sharp cutting qualities of a carbide tool to Lyman’s well-known Universal trimmer.

The new Universal Carbide Case Trimmer takes advantage of the premium Carbide Cutter Head’s fine grain and ultra-sharp cutting edge. This new Carbide Head will hold its edge and dimensions longer, making this trimmer ideal for volume reloaders.

Lyman’s patented Universal Chuckhead handles any case from .17 caliber to .458 caliber with no collets or shell holders required and includes 9 of the most popular caliber pilots.

The new “Universal Carbide Case Trimmer”, as well as all Lyman products, are available nationally through firearms and sporting goods dealers and mail order companies. Pachmayr, TacStar, Trius Traps, A-Zoom Precision Snap Caps, Butch’s Gun Care, Uni-Dot and Targdots are also Lyman brands.
