November 2007

**New value-packed 2nd Generation™ Traps offer proven
Trius® performance:
BirdShooter™ 2 and TrapMaster™ 2**

Trius Traps - a Lyman brand - has introduced the new BirdShooter2 and the new, sit-down TrapShooter2. Both deliver all the proven design and performance features of the original Trius models at new, more affordable prices. An improvement over the original Trius Birdshooter, the New Birdshooter2 is the most affordable way to get Trius quality, features and performance.

Combining the value of the Birdshooter2 with the comfort and convenience of the original sit-down Trapmaster, the new Trapmaster2's pivoting action adds variety and the element of surprise to thrown targets. The seated operator firmly anchors the Trapmaster2. The easy cocking "TRIUS Trap" delivers competition level performance by throwing challenging regulation targets. A High Angle Target Retainer is also included.

Both 2nd Generation models retain all of the key Trius advantages: The Trius Tru-Spin™ throwing arm delivers faster spin, greater distance and less breakage even when throwing double targets. Oil impregnated bronze bushing allow easier cocking and greater throwing distance. Pre-assembled and tested, Trius Traps set up faster and more easily. Finally, large adjustment knobs with brass inserts allow easy adjustment without tools.

Both the Trius BirdShooter2 and the Sit Down TrapMaster2, as well as all Lyman products and brands, are available nationally through gunsmiths, firearms and sporting goods retailers and mail order companies. Pachmayr, TacStar, Trius Traps, Butch's Gun Care, TargDots and A-Zoom Precision Snap Caps are all Lyman Brands.
