SECTION 4: FIRST AID MEASURES

4.1 Description of First Aid Measures

Eye: Flush eyes with water, holding the eyelids apart for 15 minutes. Get medical attention if irritation occurs and persists.

Skin: If irritation occurs, wash contact area with soap and water for several minutes. Get medical attention if irritation or symptoms of exposure develop.

Inhalation: Remove to fresh air. If irritation from dust occurs and persists, get medical attention.

Ingestion: Rinse mouth with water. Do not induce vomiting unless instructed to by a doctor or physician. Do not give anything by mouth to a person who is drowsy or unconscious. Seek medical attention.

4.2 Most important symptoms and effects, both acute and delayed: Causes eye and skin irritation. May cause mild respiratory irritation. Ingestion may cause irritation to gastrointestinal tract.
